Frequently Asked Questions

What treatment does my plan cover?

For information about the dental services covered by your Bright Health plan, please refer to your Bright Health Evidence of Coverage.

How will I know what my cost will be?

Please refer to the Schedule of Benefits for applicable copayments, deductibles and benefit details. For questions, ask your network dentist before you receive services and/or call us at **855.827.4448**.

Does my dentist need to submit a claim for my services to be paid for?

No need to submit a claim.

When should I obtain a pre-treatment estimate?

If your dental care will be extensive, you may ask your Primary Dental Care Provider to complete a pre-treatment estimate. We recommend requesting a pre-treatment estimate for treatment plans over \$500. This will allow you to know in advance what procedures are covered, the amount your Bright Health plan will pay toward treatment and your financial responsibility. A pre-treatment estimate is not a guarantee of payment. When the services are complete and a claim is received for payment, the Plan will calculate its payment based on your eligibility status and benefits at the time services were rendered.
