2. Click on **Find a Dentist**
3. Enter your **Zip Code or City**
4. Click on **Search**

Choose an in-network dentist to maximum your benefits!

Your dental plan provides you access to the Guardian network "DentalGuard Preferred Select PPO".

Before booking your dental appointment, it's important to confirm with the office that the treating dentist is contracted with the Guardian network. While the dental office may be listed in the directory, not all dentists at a location participate in the Guardian network.
