Keeping your contact information current is key: Do not risk a gap in your Medicaid or Nevada Check Up coverage. Make sure that your contact information is updated with the Division of Social Services (DSS) to receive important information about your benefit eligibility.

What to do:

1. Make sure your contact information is up to date.
2. Check your mail for a letter about your coverage.
3. If you get a renewal form, fill it out, and return it by the deadline in the letter.

Clinical guidelines

Liberty's Clinical Criteria Guidelines and Practice Parameters document was developed in 2005 and are subject to periodic revisions and annual review by the QIOHA Committee and Board of Directors. The document was developed by our dental directors with input from a participating panel of general dentists and specialists.

Liberty utilizes the American Dental Association's "Dental Practice Parameters," sound dental clinical principles, processes, and evidence to consistently evaluate the appropriateness of dental services that require review. Nevada Medicaid Plan/Program guidelines supersede the information contained in Liberty's Clinical Criteria Guidelines and Practice Parameters document. You can view a copy of the document on our [website](#).

You can call our Member Services Department at **866-609-0418** (TTY: 877-855-8039) to request a copy of the clinical criteria guidelines. Liberty will mail a copy to you within five business days of your request at no cost to you.
