RE: NV Medicaid – Reminder to Submit ICD-10 Codes

Dear Doctor:

To expedite the processing of your claims, this is a reminder that you must include **at least one ICD-10 code** when submitting your claims. This is a requirement by the Division of Health Care Financing and Policy (DHCFP) and LIBERTY must comply. If you need assistance in identifying the appropriate ICD-10 codes, you can reference the following guide:

- CDT 2018 Coding Companion (Help Guide for the Dental Team)

Below is a sample of how you can code ICD-10 on a claim form (in addition to ICD-10 code, include a pointer for each of the procedure codes on the claim; please reference the circled areas):

35. Remarks																					

If you are submitting claims through a clearinghouse (Emdeon, Tesia or DentalXchange), you should have access to enter ICD-10 codes. Please contact your software company to ensure that the ICD-10 function is turned on, so LIBERTY can receive the code(s) when you submit your claims.

If you are submitting claims via LIBERTY's web portal, you can now enter ICD-10 codes and pointers in the appropriate sections. See example below.
