

**PROVIDER ALERT!
BENEFIT SCHEDULE REMINDER**

August 31, 2018

Re: NV Medicaid – REMINDER

Dear Doctor:

LIBERTY Dental Plan of Nevada, Inc. (“LIBERTY”) has been working with the Division of Health Care Financing and Policy (DHCFP) to update LIBERTY’S adult and child benefit schedules. LIBERTY would like to remind you that the following procedures are covered benefits depending on utilization. LIBERTY will not cover these codes for orthodontic purposes as orthodontia is covered through fee-for-service (FFS) Medicaid. You can submit orthodontic related claims directly to DXC Technology, NV Medicaid’s fiscal agent. If these codes are submitted to LIBERTY for unrelated orthodontic needs, please include narrative/documentation with your claims for our review and consideration.

Code	Description of Services
D0340	2D cephalometric radiographic image – acquisition, measurement and analysis
D0350	2D oral/facial photographic image obtained intra-orally or extra-orally
D0470	Diagnostic casts

You can reference the Child and Adult benefit schedules along with documentation/x-ray requirements on our website at www.libertydentalplan.com/NVMedicaid, then select Provider → Documents and Resources → Provider Reference Guides.

To verify real-time eligibility for your LIBERTY members, please log onto the Provider Portal of our website, at www.libertydentalplan.com. You may also submit claims through the Provider Portal. If you have questions or require additional information, please contact our Professional Relations Department at (888) 700-0643.

LIBERTY appreciates your participation, partnership and our mutual goal to provide your patients and our members the highest quality oral health care.

Sincerely,

LIBERTY Dental Plan of Nevada, Inc.
Professional Relations Department
